Because of the steps that need to be completed for payments to be made, payments to local governments in states may take several months. Among other things, it depends on the timing of state courts entering consent judgments, whether states are able to provide BrownGreer agreed-upon allocation amounts or need BrownGreer to calculate the allocations, which under the national agreement's terms requires local governments to receive notice 50 days before payments can be made, and provision of payment instructions by subdivisions. Payments will be made on a rolling basis as states and subdivisions become ready for payment.

Note: The Total Distributor Payment amounts shown below in this Section are inclusive of payments made for all Payment Years under the Distributor Settlement Agreement, including any prepayments. See Section 11 of this Distributor Settlement Dashboard for additional detail on prepayments by State.
